**Redvale Landfill**

Hi from the team at Waste Management

In August's edition I started off with comments about the quantity of rain we had, and I don't think it's stopped since, one of the wettest winters I can remember at Redvale with ponds up to capacity. Again pleasing to see our on-site drainage systems held up to the task. Hopefully going into the summer the weather will change and we will have to deal with dust suppression on site rather than rivers!

During the winter, Operations continued to fill our new cell and have now filled to the interim level so have moved to the northern boundary and opened up the old haul road and will continue to fill that area for the next few months. With summer coming also means the building projects around Auckland will soon be in full swing as they only slowed through the winter rather than stop completely. We will be establishing a second area for the soil trucks to tip which should be open beginning of November.

Our engineering department have started their construction season at the start of October, all be it slow with the wet weather. The focus this year is mudstone movement to stockpile onsite rather than the construction of a new cell. They will also continue with the final restoration on the eastern and northern batters including the thicken areas for planting. We continue to look at new technologies for leachate treatment and hope to trial one in the New Year, more on that to come.

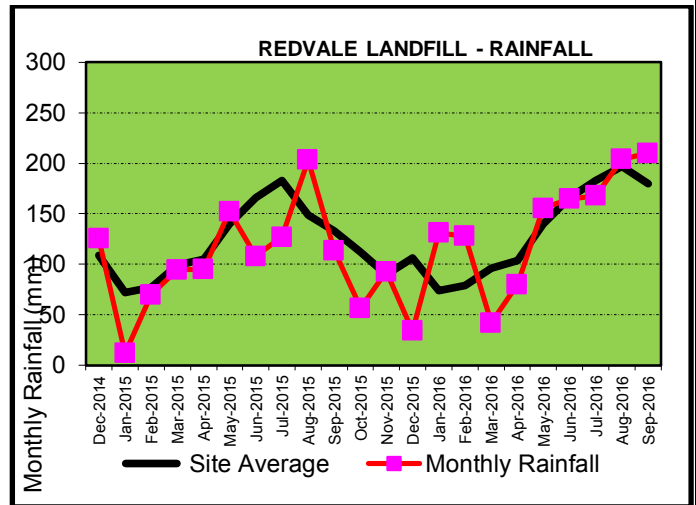

The stables and trotting club continue to receive some support from us, recently new shell and mulch was laid in 3 of the stables which are now looking very professional and great to see being used to their full potential.

The Dairy Flat School held their AG Day at the end of October. The theme for our stand this year was Sustainability where we had information on technologies we currently had in place, the main one being the launch of our electric car fleet for our sales team and some exciting new technologies in the pipeline. Despite the wet weather they had a good turnout, and fun was had by all.

As reported in the last letter, we still have vacancies in the Landfill, Maintenance and Gas departments as well as class 4 and 5 drivers. Anyone interested to find out more, please drop by or phone Michelle at reception.

We hope you all have a safe, Merry Christmas and Happy New year, from the staff at Waste Management.

Robert Bailey. Operations Manager - Redvale Landfill

**Community Liaison Chairman's Comment**

Hello, my name is Rob Leinwand and I have accepted the role of Chairman of the CLC replacing Mike Kunzli. Mike will be a hard act to follow, and did an admirable job guiding the committee through the turbulent times of WM's application to extend their resource consent. I hope to be able to provide the same balanced approach to the CLC in the future.

Louise Johnston is a newly elected Local Board member, and will replace John McLean on the committee. Welcome Louise.

There is not a lot of news to report at this time. WM's website still needs modification to make it easier for residents to navigate, and reach either a complaints form or a contact form as required.

The issues that have been raised in the past continue, which primarily are odour, noise, and truck movements. It appears that the number of complaints relating to both noise and odour have declined in this reporting period. The reason for this may be that complaints received directly by the Auckland Council were not forwarded to WM prior to the CLC meeting, and therefore were not included in the report for this period.

Dates for CLC meetings in 2017 have been established. Meetings will be held on:  
13 February, 15 May, 14 August, and 13 November at WM offices on Landfill Access Road.

Please note any Dairy Flat residents who wish to attend CLC meetings are welcome, please give at least two days' notice to the Secretary Michelle via email - [Redvale@wastemanagement.co.nz](mailto:Redvale@wastemanagement.co.nz) or phone her on 09 427 0600

### **Dairy Flat School**

We had a great day on 15<sup>th</sup> October, our annual Agriculture Day, at Dairy Flat School. Though it was unbelievably wet, muddy and miserable our Dairy Flat community came out to support this significant event in our calendar and as I went around the site I saw nothing but smiles and laughter. Everyone worked together to ensure that the day went well despite the weather.

Many thanks to all our judges who judged both the children's creative exhibits and their animals. Thank you to Sean Leighton, Robyn and Andrew Meiklejohn, Annie Drew, George and Jill Cowper, Tim Murphy, Carly Norton, Courtney Davies, Andrea, David and Anne Scott, Duncan McNabb, Phil O'Shaughnessy, Sandra Owen, Glenys Cartwright, Joan Earwaker, Florence Gatman, Maree McLiver, Janine Rutter, Marilyn Wheeler, Fiona Cross, Mark and Saskia Van Dam, Deborah Aldred, Judith Carmichael, Bruce Adamson, Hayley Bray, Greg Taylor and Sarah Harrison.

Waste Management had a stand and donated many native trees to plant on our site. Thank you.

We are very excited that our promised new building is finally starting. Due to roll growth, the Ministry of Education is building a new six classroom block on our site. We hope to be able to move into our new building in July next year. In the meanwhile there will be some inconvenience for parents as our car parking will be compromised at times. However, it will be worth it in the end to have a great new building.

This term our students are looking at ways to improve our environment and contribute to making the world a better place. We continue to seek to be better every day in all we do.

#### **2016 YEAR DATES**

Term 4                      10<sup>th</sup> October – 16<sup>th</sup> December

#### **Fundraising Event for Awnings at the Hall**

**Sunday afternoon 11<sup>th</sup> December**

Four bands will help us to organise a fundraising event to get funds for creating awnings at the back of the community hall to finish off our in-door out-door flow of the hall.

Locals we expect you to help us to finish your hall for the future.

## **Blackbridge Environmental Protection Society**

Dairy Flat Residents Plant 4500 Trees.

Recently the Blackbridge Environmental Protection Society (BEPS) was donated approximately 4500 native trees from Gecko Trust, Project Crimson/Trees That Count. These trees were planted on private properties on Blackbridge Road, Escott Road, Three Oaks Drive, Dairy Flat Highway, Drury Lane and Horseshoe Bush Road. BEPS plan to apply for more grants for trees in the future. Five properties are now monitoring the growth of the new trees to assist Project Crimson/Trees That Count in understanding native survival rates.

Trees That Count plan to plant 40 trees for every New Zealander; this is a great objective and one BEPS hope to help achieve.

Planting native trees not only beautifies the area, it also helps stabilise land and encourages native wildlife by enhancing the East-West link between the Waitakeres and Tiritiri Matangi. This is an important corridor that allows native birds to move between the two locations resulting in more diversified breeding.

BEPS have discovered our Rangitopuni Stream is home to native New Zealand mussels and many other native fish. It is a stream we should be proud of and protect for future generations. The Rangitopuni Stream starts in Dairy Flat with multiple feeders to the stream. It then flows through Coatesville and Riverhead out to the Waitemata Harbour. A survey of the stream concluded it was a large contributor of sediment to the Waitemata Harbour. The best way to reduce the sediment flow is to plant the banks of the stream and to stop other sources of sediment entering the stream.

BEPS's aim is to protect the Stream and to enhance the beauty of our area by the removal of weeds and pests, planting along the banks of the Rangitopuni, planting out wetlands and encouraging residents to plant natives in areas that are not useful for stock.

This year, in conjunction with Gecko Trust, we held a workshop on how to Plant Native Trees to get the best results, next year we plan to run workshops on Weed and Pest Control.

If you would like to become involved with protecting the Rangitopuni, planting native trees, weed and pest eradication you can contact us at [blackbridgeenvironmental@hotmail.com](mailto:blackbridgeenvironmental@hotmail.com).

## **Dairy Flat Cubs and Keas**

Dairy Flat Cubs and Keas continues to truck along, we are always looking for leaders so please if you are interested let me know 021 119 1211.

Keas runs from 5 - 6 pm on Tuesday's at the Dairy Flat Hall and Cubs from 6 - 7.30pm

Ages are 6 -8 for Keas and 8 -10/11 Cubs. We offer a great opportunity for kids to experience new things including camps.

We have a small but enthusiastic bunch of keas. So far this term we have done our Healthy Kea badge and participated in Operation Christmas gift. The keas went to the Warehouse and decided what we could put in our box for a total cost of \$30 for a 5-7 year old boy. They did a great job! Hopefully a young lad in Fiji will be very happy. For the rest of the term we plan to visit the Silverdale fire station, sing some Christmas songs at Evelyn Paige rest home, learn some orienteering, discover Three Streams Reserve on Albany hill, learn some soccer skills from the Duke of Ed students helping us and do some Christmas crafts.

Lots of fun to be had with Scouting!

## **Fitness League n.z.**

Our end of year trip to Waiheke is coming up again. Quite a few of us go down to join them in their last class for the year, which results in a very crowded hall, but it is always a lot of fun, and they put on a great luncheon for us all. It is often the only time of the year that we catch up with some of the Members from other centres, so a lot of talking is done, as well as the exercising.

We will be having our own break-up about a week before Christmas, at both of my classes, and will be resuming again late January next year. .

For more information please call me 09 424 0402 or email [olivem@clear.net.nz](mailto:olivem@clear.net.nz) Also check out our website [www.fitnessleague.org.nz](http://www.fitnessleague.org.nz)

Happy and safe Christmas to you all  
Olive Morrison

## Greenpark Preschool

### **Term 3 – 2016**

Term three has been a busy one. We had many baby animals visit preschool through this term. A kitten, lambs and goats brought in for a day visit and we also have had newborn preschool lambs in our paddock.

We noticed that the children were playing fishing games so we focused on fish and all sorts of underwater creatures. Our walls have been groaning with beautiful art displays of sea creatures – very colourful with the use of brightly coloured dye.

Nick brought in a squid which was a fascinating creature to study. The children were absolutely intrigued with it. He also brought in all his trout fishing gear. He got dressed into his waders and the jacket with many pockets for every possible situation while out in the water. Also showing the children the fishing flies for catching trout. We read a popular story “The great White Man-eating Shark” which resulted to some children making themselves a large shark fin which they strapped to their back and swam around the playground together.

Our B4 5 school readiness group was a great success for those who have a term before we say fare-well and they move on to the local primary schools.

We had a sports day to celebrate the Olympics. The children came to preschool dressed in the colours of their favourite country and/or sport. We made gold, silver and bronze medals leading up to this day and we set up the playground into horse-riding, long-jump, running, shot-put and gymnastics skills. The children circulated so that they all had a turn at each event. Then we set up a podium where each child received a medal – a great time was had by all.

We made the children aware of ‘Conservation Week’. As part of this learning experience we invited a special visit from the ‘Gecko Trust’. Fiona showed us her tools, her compass and her huge compost bag. We also learnt about the ‘Moa’ and we drew some pictures of it after the visit.

The next centre of interest was bugs. With newly acquired bug-catchers the children set out to find bugs in the forest. We found the need to put rules in place so that we all understood that once we had studied the bugs we would set them free.

For father’s day we designed a tie for our Dad’s to wear to work – we asked for photos of Dad wearing his tie which we proudly displayed at preschool.

The Silverdale Fire Brigade visited Greenpark for a morning mat-time. They helped us all dress up in Fireman gear and told us all about fire safety. We were able to have a close look at the fire engine and ask many

questions about what happens when the firemen get called out to a fire. We also got to squirt the very powerful hose.

We had a special mat-time to teach our parents some new music and movement songs that we have been learning. We made some banana muffins to share with our parents and they helped us sing our songs and do the actions.

A small group of our four year olds went to Dairy Flat School by bus to see the school production ‘The Button Box’– they thoroughly enjoyed it as they were able to see many of their friends who have recently moved on to primary school.

Recently we have been working towards our art display for Ag Day at Dairy Flat School. We have been creating flowers using all sorts of different recycling materials. These will be on display at Dairy Flat School’s Ag Day on Saturday 15<sup>th</sup> October 2016, from 9am – 2pm.

For further information phone 09 4264432 or check our website [www.greenpark.net.nz](http://www.greenpark.net.nz)

## Silverdale Squash Club

Silverdale Squash Club is a great venue to meet other socially minded people (and a few even play squash well). If you have never tried squash – it’s a great way to keep fit over winter without getting brain numbed at the gym!

We have several Interclub squash teams and we have teams to suit all abilities – men and women and several mixed Masters teams. You could set your sights on the World Masters Games in April 2017 where enthusiasm counts as much as talent! We also run frequent Masters and Open tournaments throughout the year.

For juniors, we our kids’ club night is on Wednesdays 4.45 – 6.15. Come and try it out!

Also tuition is still being run by the club’s coach – so if anyone under 16 is interested, email the club at [tonyforde@hotmail.co.nz](mailto:tonyforde@hotmail.co.nz) or see our Facebook page.

For those who want to get seriously fit and really improve their squash, we can offer coaching sessions throughout the week.

We are always looking for new members – new to the game or experienced. Come along to Club Night on Thursday evenings 7pm onwards and give it a go.

For more information, contact the club president Tony Forde at [tonyforde@hotmail.co.nz](mailto:tonyforde@hotmail.co.nz)

#### **Community Learning Directory available.**

A Community Learning Directory for the Hibiscus Coast and surrounding communities has been produced to make it easier for people to find out what learning opportunities are on offer in our area.

There are over 140 tutors offering around 180 courses. The section headings are: Art and Craft, Business and Finance, Computing, Food and Cooking, Fitness and Recreation, Music and Dance, Language and Travel, Personal Development as well as a large section for Children and Teens.

Copies are available in the Dairy Flat store, the Orewa and Whangaparaoa libraries and the Citizens Advice Bureau in Orewa.

You can also view the booklet by going to the website [www.hbclearn.co.nz](http://www.hbclearn.co.nz) and clicking on the book cover.

If you are a tutor or know of someone who tutors who would like to be included in the Directory, complete the simple form under 'tutors' on the website. This is a free service for tutors.
